

Activity Land- I Love to Talk to Plants

Have you ever thought about talking to something that normally doesn't talk back to you? I actually love to talk to plants! Strange, but true! What would you like to talk to? The sun? The wind? Your favorite toy? Well, here's your chance! Write your own play/dialogue. Here's an example:

Talking to My Guitar

GUITAR: *Hey, let me out! Please! Let me out!*

ME: *What's the matter?*

GUITAR: *I've been a prisoner in this guitar case for weeks! It's dark and lonely in here!! Why don't you play me???*

ME: *Oh, my goodness! I'm so sorry! Here I come!*

Now it's your turn. Have fun!
